## Course of Practical Chemistry for Medical Students (Paperback)

By William Odling

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1865 Excerpt: . sulphites, there is produced a dark reddish-brown colouration, which disappears on the addition of hydrochloric acid, or on boiling: in the latter case with formation of a red-brown turbidity. Nitrates and chlorates are unaffected by any of the general reagents mentioned in the table. (80.) Although nearly all of the acids react more or less characteristically with several reagents as above described, the following list of acids or salts, with the tests by which their presence is more particularly indicated or established, may nevertheless prove useful to the student: --V Deflagration on charcoal, and reaction with sulphuric acid. Chromates Reaction with sulphhydric acid. Nitrates Chlorates Carbonates Sulphides! Effervescence with acids. Sulphites / Sulphates Precipitation by chloride of barium. In the following paragraphs, describing the several reactions of the different acids, the order of the above list is adopted. (81.) Chromates. Chromates are usually of a...
